

JESUS CULTURE SACRAMENTO – MOROCCO MISSION TRIP 2025

Trip Overview:

We are traveling to Tangier, Morocco on the Strait of Gibraltar! Morocco is 99.8% non-Christian but the people are hungry to hear about Jesus! Working with a team of in-country YWAM missionaries, gives us the opportunity to receive orientation/teaching/training by the local missionaries and then apply what we learn amongst the people. Primarily, our focus will be on relational evangelism. Treasure hunts, street/marketplace evangelism, and ministering to the local missionaries are just a few of the highlights of our trip. Northern Africa is one of the most unreached regions in the world, with one of the lowest representations of missionaries. Short term teams are a strategic way to get the Gospel to these precious people! It is our expectation to see Holy Spirit manifest His power through healing, deliverance and miracles, so we spend much time in prayer, worship and in releasing the prophetic, as well. Will you prayerfully consider joining us physically, financially or as a prayer partner for this life changing experience and incredible opportunity to further the Kingdom of God in the North Africa?
