

JESUS CULTURE SACRAMENTO – ISRAEL MISSION TRIP 2025

Trip Overview:

We are traveling to the great country of Israel; a country at the center of world history! Shockingly, the Holy land is less than 1% Christian! In addition, 2.5M Christians visit Israel each year as tourists. It's time we start reaching Jewish and Arab people in Israel for Christ! They need to know their Savior! We will be working and partnering with multiple churches from the U.S. and a missions organization in country. Primarily, our focus will be on outreach at tourist sites all across Israel. It is our expectation to see the Holy Spirit manifest His power through healing, deliverance and miracles. Prayer, worship and releasing the prophetic are main focus areas, as well. Will you prayerfully consider joining us physically, financially or as a prayer partner for this life changing experience and incredible opportunity to further the Kingdom of God in Israel?
